Finance Monthly 2017 Fintech Awards

Finance Monthly is delighted to announce that its first eagerly anticipated 2017 Fintech Awards Edition is now published.

The Finance Monthly Fintech Awards recognise the true innovators who help drive the Fintech sector forward and help make the sector what it is today. We acknowledge and reward the individuals, firms, start-ups and banks who are recognised as leaders and thought leaders in their area of expertise.

As a leading industry publication, Finance Monthly reports on news and trends within the Fintech industry every month, which makes us ideally placed to observe the sector and the most skilful and diligent professionals that operate within it.

Finance Monthly's research department has spent the past several months carefully researching and identifying some of the most respected individuals and firms from all over the world, those that devise and design new financial technology, those that implement systems, and those who adopt new systems and technology – which in turn enhances customer experience.

Editor-in-chief, Mark Palmer commented: 'After seeing a very interesting 2016 with start-ups mushrooming across the global Fintech landscape, here at Finance Monthly we are very excited to be able to celebrate the individuals and companies whose dedication to innovation, enthusiasm and hard work help make this industry more dynamic and exciting year upon year.'

Finance Monthly would like to thank all contributors and participants in the 2017 Fintech Awards.

Congratulations to our winners and finalists!
